SEH is committed to providing coherent, developmental-based teacher education programmes that prepare potential students to establish and work within the teaching and learning communities to maximise their potential and that of their future students. The programmes offered by SEH promote collaborative learning and critical reflection to develop a community of lifelong learners who can respect diverse perspectives, make informed decisions, and be responsive to the changing needs of individuals in our society. Our programmes are designed based on the philosophy that knowledge is power and every child deserves to be taught by quality professionals who believe all children can learn.

Thus, the school aims to ensure graduates acquire professional knowledge, develop

professional skills, and exhibit the dispositions needed to be effective teachers and valuable members of society. SEH offers pertinent programmes in education and language that prepare its graduates to accept, honour and enhance diversity among learners and discover their teaching capability through reflection and progressive field experiences. Today, SEH is proud to provide a total of 10 programmes, namely Diploma in Early Childhood Education, Bachelor of Education (Early Childhood Education) (Honours), Bachelor of Education (Early Childhood Education) (Honours) 2u2i, Bachelor of Education (Honours), Bachelor of English (Honours), Master of Education (ODL), Master of Early Childhood Education, Master of Early Childhood Education (ODL), Master of Education (TESL), Postgraduate Diploma in Education and Doctor of Philosophy in Education.

UNIRAZAK's Master of Education is designed to provide you with the professional knowledge, skills and attributes to function effectively as an educator or to pave the way to become an academic scholar. The programme is tailored to be flexible for those from various backgrounds, such as in-service teachers, working adults, education officers and aspiring researchers in the field of education, whose experience will be engaged as valuable components of the programme.

In this Master of Education programme, you will develop a strong background in education theories and practices so that, as an academic scholar or education researcher, you can apply scientific methods to identify problems and offer appropriate solutions. The learning experiences will equip you with professional skills in interpersonal relations and teamwork and develop skills needed for writing academic research. It will prepare graduates with critical work-related skills such as teacher leadership and team-building, decision-making, learning strategies and school management, critical and analytical thinking, and project management skills. It aligns with UNIRAZAK'S mission to produce quality graduates with relevant work experience and competencies.

The blended learning mode will allow you to engage in problem-based learning using workplace or on-site learning strategies. The range of distance and combined learning delivery options employed by UNIRAZAK provide flexible learning opportunities for all students, regardless of location. Students are taught by highly qualified, experienced, and supportive teachers who will offer a high level of pastoral care. It is a one-year program notable for its flexible nature, utilising digital technologies to ensure you can participate at any time and place, enabling you to continue working as you study.

Study Mode: Flexible Learning

UNIRAZAK provides a flexible learning mode for its programme, which allows you to learn from any location and at your convenience. It is to access better learning and better student experience.
